

Dr. Ward,

I want to thank you
for being there - I was attacked
by a dog and you fixed my
tooth & I love good as new!

Thanks so very much.

Happy Holidays,
Annette Hank

Thank you so much for getting me in as a new patient so quickly. Your kindness and promptness was a blessing.

The young lady that took the call was very sweet and advised my daughter that I would be well taken care of. And I was!!

I been dealing with alot lately and to know that this was taken care of helps me a great deal.

It's not many people that would go out of their way to help. Thank you so much!

Thank you so much
for your
thoughtfulness

Much blessings,
