

## Office and Staff:

I need to thank - you for your service last Wednesday. You gave me the appointment within the hour of my dentist's call. Upon arrival at your office, my sister and I were so impressed and were welcomed.

The doctor, Dr. Smith and his entire staff were very professional and kind. The procedure and recovery went very well. (My pain is gone - I rated my pain level as a "30" before the removal of the tooth.

Thank - you very much. This area is so blessed to have a great practice as your office in this area. I hope this area appreciates your great professional service you provide.

Thank you

Priscilla Wert
